I strongly support the work of Ezras Nashim, the all Women's Basic Life Support First Response agency. I have personally met with Mr. and Mrs. Tzvi Dovid Freier, the directors of Ezras Nashim, and heard first-hand of their diligent efforts in creating this important organization. Ezras Nashim is dedicated to providing women with pre hospital emergency care by women; thus giving respect to the standards of tznius of the frum community. I have been extremely impressed by the deep sensitivity this organization provides, their commitment to Daas Torah, and the high level of professional training the women volunteers of Ezras Nashim bring to their holy work.
I look forward to bringing an Ezras Nashim branch to my community in South Fallsburg, I fully endorse the chessed mission of Ezras Nashim, namely, women helping women. In this way, women will not compromise their tznius in any emergency situation.

May HaKodosh Baruch Hu bestow Brocha v'Hatzlocha to the many dedicated volunteers of Ezras Nashim who have selflessly given of themselves to help others.

To my dear brothers and friends

I write to encourage Rabbi Tzvi Dovid Freier and Rabbi Simcha Yonoson Halevi Bamberger, who are occupied with a tremendous commandment [through] Ezras Noshim, to add to the modesty of Jewish women.

My teacher and father-in-law, the teacher of the entire diaspora, Rabbi Yosef Sholom Elyoshiv of sainted memory, told me that this kindness that they perform for decent Jewish women, of making available to them female doctors in place of male ones, is a kindness that is very difficult to estimate, and happy is one who engages in this kindness.

Kudos to you. With love, *Yitzchak Silberstein*

I too wholeheartedly join in this statement, to bolster the holiness of modest Jewish women.

Shevat 14, 5778 [January 30, 2018], in the week of "Say thus to the House of Yaacov"

I come to speak in praise of the Ezras Noshim organization, and of its leader Rabbi Tzvi Dovid Freier and his wife Mrs Freier, who works on this tirelessly.

The organization was founded to help with the rescue of women who are in danger when they give birth, or at other times about which discretion is appropriate, and therefore it is good that women deal with them, and not men, which is far from modest. The women have learned everything that must be done so that it should be in the best possible manner, and they do wonderful things to save Jewish children. Therefore I come to encourage those who perform a commandment, and I say, more power to you.

May the merit of this great commandment protect you and all who assist, and give you all sorts of good things.

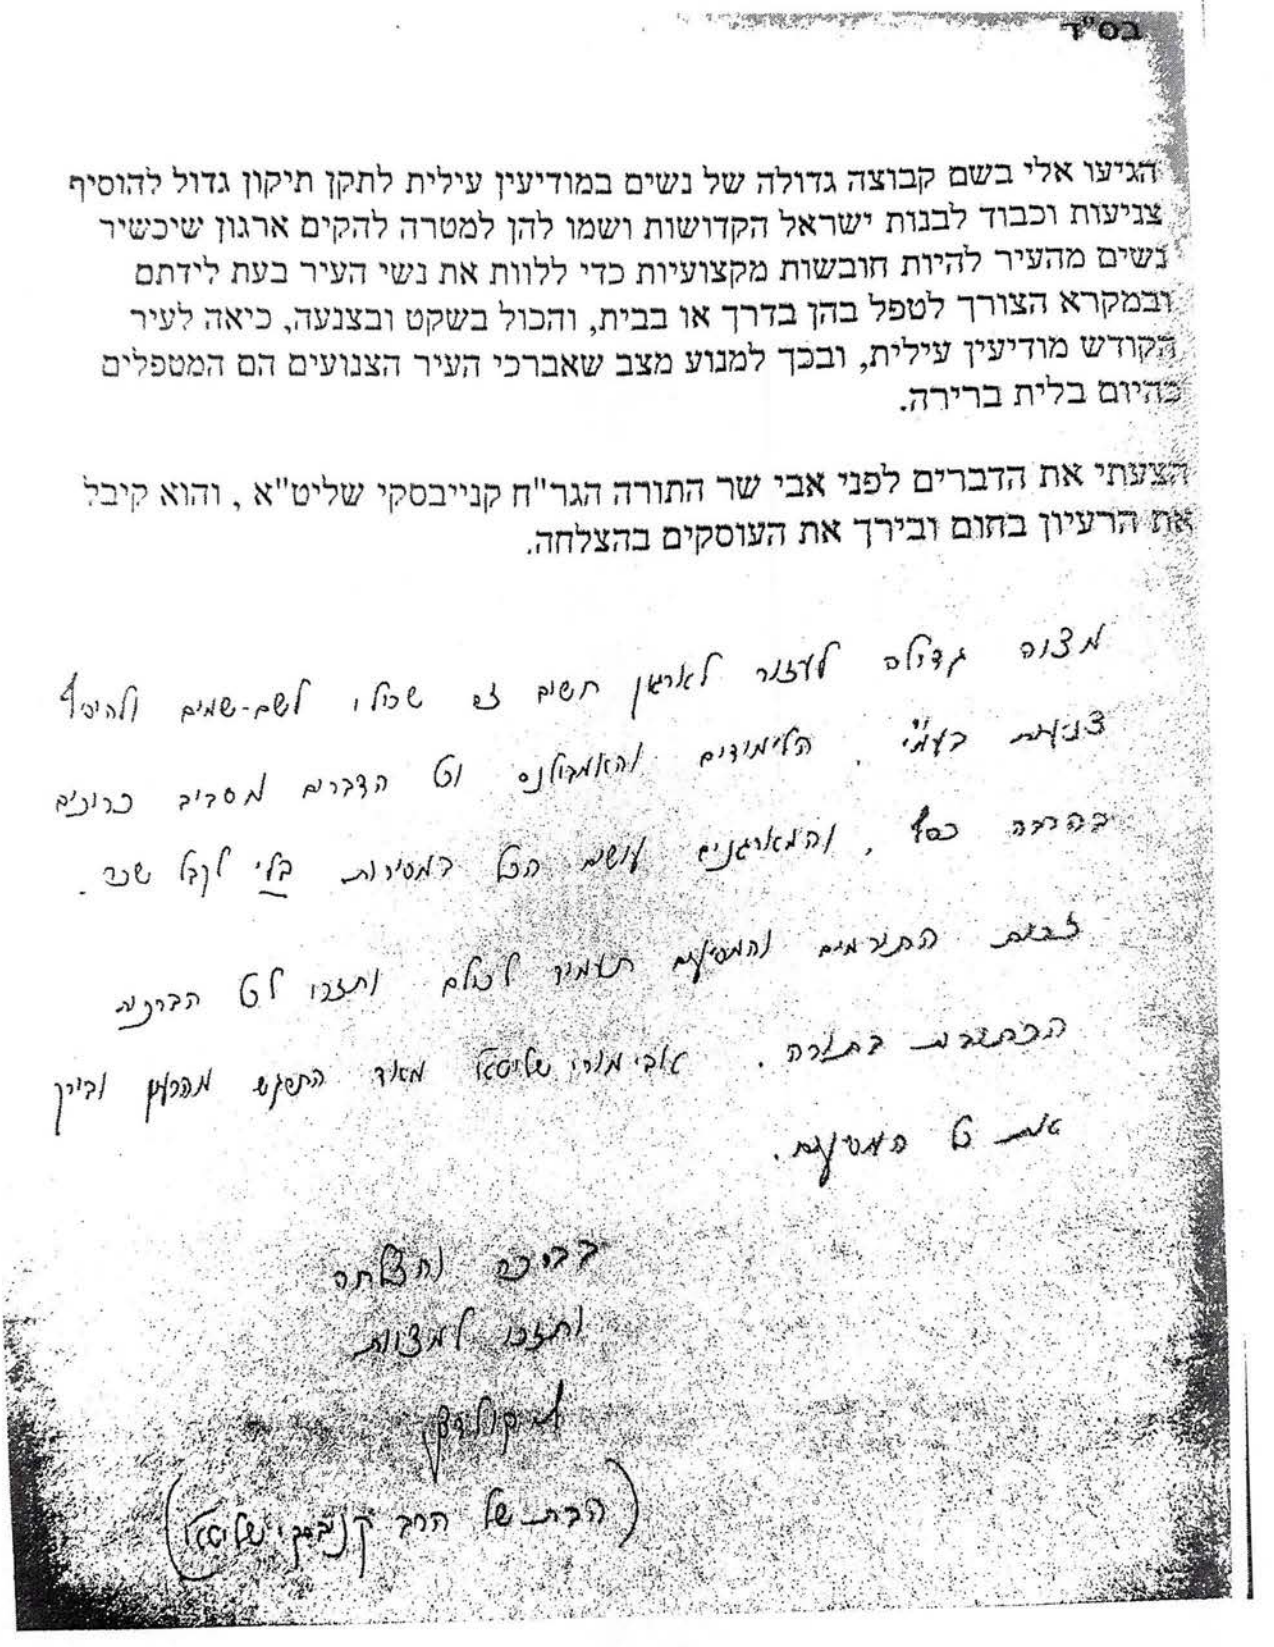
הגיעו אלי בשם קבוצה גדולה של נשים במודיעין עילית לתקן תיקון גדול להוסיף צניעות וכבוד לבנות ישראל הקדושות ושמו להן למטרה להקים ארגון שיכשיר נשים מהעיר להיות חובשות מקצועיות כדי ללוות את נשי העיר בעת לידתם ובמקרא הצורך לטפל בהן בדרך או בבית, והכול בשקט ובצנעה, כיאה לעיר הקודש מודיעין עילית, ובכך למנוע מצב שאברכי העיר הצנועים הם המטפלים כהיום בלית ברירה.

הצעתי את הדברים לפני אבי שר התורה הגר"ח קנייבסקי שליט"א , והוא קיבל את הרעיון בחום ובירך את העוסקים בהצלחה.



With Heaven's help

I have been approached on behalf of a large group of women in Modiin Illit who wish to introduce a great improvement, to add modesty and respect for holy Jewish women, and have set themselves the goal of establishing an organization that will train women of the city to be professional paramedics, to accompany the city's women when they give birth, and if necessary to treat them on the way or at home, all quietly and modestly as is fitting for the holy city of Modiin Illit, and to prevent the current situation in which the modest young men of the city are the ones who treat them, for lack of another choice.

I have put the matter to my father, the prince of Torah, Rabbi Chaim Kanievsky, and he received the idea warmly and blessed those involved in it with success.

It is a great commandment to help this important organization, which is entirely for G-d's sake, and to increase modesty among the Jewish people. The training and the ambulances and all the other things involved cost a lot of money, and the organizers do everything with dedication, <u>without</u> being paid.

May the donors' and assistants' merit stand by them all, and may you receive all the blessings that are written in the Torah. My father was very excited about the idea, and blessed all who assist in it.

Wishing you blessing and success
and may you be able to fulfill more commandments

You're very welcome – it's part of my emergency medical training, to jump in when someone is experiencing a medical emergency. Thank G-D, I keep an extra set of equipment, including an oxygen tank, in my chambers. Thanks to ... who started to help and thus create enough noise for me to hear so quickly after the respiratory distress began. All of us being there so soon, enabled her to recover so quickly. Driving my van with lights and sirens got me to the hospital and back in about ten minutes.

May we all stay safe, but should there ever be an emergency, please know that I am here.

Dear Ezras Nashim

I recently gave birth to my seventh child, a healthy baby girl...in an ambulance.

BH she and I are both healthy and I am so thankful to Hashem.

I of course I appreciate the EMTs who responded to the call, as they were doing their job and they behaved professionally and did good on their training.

I live in Israel and there is no Ezras Nashim available where I live, however I can tell you that as I lay there terrified in the back of an ambulance, I must have thought a thousand times: I wish I had Ezras Nashim to call.

My first six births were all under epidural, and I had intended to give birth to my seventh child with an epidural of course in the hospital. I labored at home and was completely in control, which led me to believe that I was still in the early stages of labor. When I started walking out the door with my husband to leave to the hospital, I felt a tremendous pressure, and was afraid to get into the car, and told him to call the ambulance.

Of course I was not as composed as this email might make it seem. I was shaking like a leaf and when the ambulance pulled up, I held on to the wall surrounding my nighbours home, I refused to get into the ambulance and had to be physically forced onto the stretcher.

I needed a trained woman to look me into the eye and tell me, you're ok, you can do this, we are here for you...

It was nothing like that.

After the birth, I realized that I had experienced what psychologists describe as dissociation. I literally separated my head from my body. I did not want to believe what was happening to me.

My baby was born healthy, and that is the main thing, but I wish somebody would have been there to comfort me as I was having intense contaractions, I wish somebody had held out a hand to squeeze,
I wish I could have had a more positive birth experience.

Thank you for establishing your organization and for all the work you do. You may not have been able to help me, but it feels so good to know that there are women who have the good fortune of being able to count on other women when they need it most!

I have given birth six times in a hospital setting, and had men deliver me, it is absolutely not the same thing as delivering in the back of an ambulance or if I had given birth unexpectedly at home.

The back of an ambulance is scary, it's nothing like what you thought your birth would be like. I cannot describe the experience of lying on an ambulance stretcher with my baby in my hands. By the time, my baby was born I was in such a dissociative state. I did not fully connect to the idea that I was holding my own baby.

I tried to remain calm as my placenta was not coming out and I was experiencing massive bleeding, once I got to the hospital, they took the baby and I delivered the placenta.

Only later while I was lying in recovery did I suddenly connect to what had happened and I burst into tears. I'm sharing this because I have read about the opposition to your organization, and although I'm sure you've heard it many times, I wanted to take the opportunity to say thank you for what you do! It's so important, it's so necessary! I wish you could have been there for me!

Please erase my name and email address if you share this email with anybody.

I would like to express my deepest appreciation for you and EZRAS NASHIM for their unbelievable efforts in helping me in my trying time. Ruchy Freier came and after seeing the damage to my knees, she advised us to go to the emergency at Maimonides Hospital. TO Whom it may concern,

I am writing to express my gratefulness to Ezrat Nashim

Nearly seven months ago, I experienced a difficult time in my life. My days were full of anxious and depressive thoughts that despite my best efforts I could not overcome. I tried desperately to regain control of my emotional and mental health - I consistently went to my weekly therapy appointments, Monthly Psychiatrist visits, as well as bi-weekly counseling with my husband - yet somehow I still struggled to process my childhood trama and pain.

One day, my typical stressors felt like to much to handle. My husband and I had a heated argument, and I ended up eating my Shabbos meal alone. This triggered my old feelings of pain and loneliness and just became to much for me to bear. Looking for a way out of this darkness, I self Medicated on my anxiety prescriptions. Soon after, I realized that I did not feel well and I blacked out. My semi-conscious state scared me, and I quickly realized My mistake I called out for my husband, and I asked him to call Ezrat Nashim for help over Hatzolah, in order for me to be comfortable and modest.

Judge Frier accompanied me to the hospital and ensured that I received the necessary medical care. She was sensitive to my needs for modesty as an Orthodox, Jewish woman and helped me privately change into my hospital gown. During the following weeks of recovery, Judge Frier remained on hand and actively ~~[illegible]~~ referred me to individuals and various organizations who could help me move past my pain, she supported me in coming to understanding that this was one, negative choice that I could survive and even find a way to attach meaning to.

Over the following months, I decided that I would like to help give back to others through the same medium that I benefitted from. Thereafter, I enrolled in an EMT course to become certified to ~~help~~ volunteer with Ezrat Nashim.

It is my hope that Ezras Nashim will have the ability to support more individuals on their respective paths in becoming EMTs properly equipped with ambulances and supplies. I do not doubt that anyone who helps Ezras Nashim achieve this goal will see postive effects of their actions for many years to come.

Thank you for your support

All the best,
R[redacted] M[redacted]

Dear Ezras Nashim,

It is now 2 years since my first encounter with Ezras Nashim. On Erev Rosh Hashana 2017, I was transferring a 16qt pot of chicken soup from the stove to the counter and I dropped the pot. The soup spilled on the floor and I fell right onto the boiling hot soup. I knew I needed help. I quickly called Ezras Nashim who came immediately. They treated my wound and returned every hour to check on the wound and rebandage it. I had lots of painful boils on my bottom and feet. For 4 weeks Ezras Nashim came each morning and evening to apply cream and bandage the wounds until I was able to do it myself. It took 4 months to get better but I was left with no scars.

Thank you for being there for me. May you continue to help others in their time of need

I was thinking today of the first time I was involved with Ezra's Nashim.
My mom called me at work with severe chest pain. She refused to go to the hospital with 911 and would wait for me. I was an hour away and very distressed. Luckily my co worker know about Ezra Nashim as they helped her in a similar situation.
I called and within minutes Ruchi was at my mothers bedside. She called me and confirmed and convinced my mom to go with her to the ER. I begged this stranger to stay with my mom till I get there and she did.
My mom had a heart attack and had two stents, but Ruchi is what saved her life. I will forever be grateful.
It didn't end there , twice Ruchi made time to visit her charge.
Sadly , my mother died this year and I sat shivha for her . To my surprise Ruchi paid. Shivha call as she heard about my mom
Our community is blessed to have such a loyal and selfless and caring organization .
I only wish all communities could have such organizations ready to help!

Thank you so much for helping me. It was such a comfort when my vein burst on Shabbos at 3:30 in the morning to have you to depend upon. I had lost so much blood that I couldn't think straight. Good Evening,
Tuesday afternoon my mother was treated by a podiatrist who left her with a bloody bandaged toe. Unable to change it myself in the evening, Ezras Nashim responded.

A very nice lady, [redacted], successfully changed the bandage. She was especially adept in communicating with my elderly mother.

Thank you for your good work.

Dear Mrs. Freier,

We really have no way to thank you for the huge zchus you did for us - flying over in the middle of the night, giving up half a night of sleep and being there for us in every way we needed. Thank for being over in a blink. Thank for being so calm and present as the drama unfolded. Thank for letting me do things my way and being my advocate! Re: EMS Awards

We are proud to announce Ezras Nashim has been selected as **EMS Agency of the Year** by the Regional EMS Council of NYC. In addition to receiving the NYC award, Ezras Nashim has been nominated to the NYS Department of Health Bureau of EMS to receive the State EMS Agency of the Year Award. Nominations for state awards come from other regions in NYS, so you will be notified by NYS DOH once their selection process is complete.

Ezras Nashim will be honored at next year's REMSCO EMS Awards Ceremony that takes place in May 2018, during National EMS Week.

Once again, congratulations! Please let me know if you need further information.

Thank you for your continuing service to our City!

Ezras Nashim August Newsletter

Dear Friend of Ezras Nashim,

As we are halfway done with the summer, we wanted to take this time to reach out to our supporters to share exciting news and updates.

In June, Ezras Nashim held its annual street fair on 13th Avenue in Brooklyn. Hundreds of participants gathered from 1:30pm – 4:30pm under colorful balloons and the watchful eyes of professionals ready to teach them life-saving information. The event is for Children and parents to review Cardiopulmonary Resuscitation (CPR) techniques demonstrated by Ezras Nashim volunteers.

There was also free distribution of informative magnets and fliers regarding ticks/Lyme Disease safety, pool safety, and reminders about CPR techniques to be used on adults and children.

We distributed these materials

1. Tick/Lyme Disease Flyer
2. Pool Safety
3. CPR Techniques
