

# NYC REMAC

Advisory No.	2021 – 01		
Title:	Updated Appendix R STROKE CENTER DESTINATIONS		
Issue Date:	Original: February 19, 2019		
Effective Date:	January 5, 2021		
Supersedes:	2020-15	Page:	1 of 3

The Regional Emergency Medical Advisory Committee (REMAC) of New York City is responsible to develop, approve and implement prehospital treatment and transport protocols for use within the five boroughs of the City of New York. The Regional Emergency Medical Advisory Committee (REMAC) of New York City operates under the auspices of Article Thirty of the New York State Public Health Law.

The Regional Emergency Medical Advisory Committee (REMAC) of New York City has REVISED Appendix R: Stroke Center Destinations.

## The following is attached:

### REVISED Appendix R: Stroke Center Destinations

- Elmhurst Hospital (H32) is added as a Thrombectomy Stroke Center Destination
- Kings County Hospital (H48) is no longer a Thrombectomy Stroke Center Destination until further notice

### Current and Updated Protocols can be accessed at the Regional EMS Council website:

[www.nycremsco.org](http://www.nycremsco.org). Owners/operators of Ambulance and ALS First Response Services providing prehospital medical treatment within the five boroughs of the City of New York are responsible to provide copies of the NYC REMAC Prehospital Treatment Protocols to their personnel, and to ensure that Service Medical Directors and EMS personnel are informed of all changes/updates to the NYC REMAC Prehospital Treatment Protocols.

Josef Schenker, MD, CPE, FACEP, FAEMS  
Chair, Regional Emergency Medical Advisory  
Committee of New York City

Marie C. Diglio, BA, EMT-P
